

# ***GREAT IS HIS FAITHFULNESS***

*Seeing the sunrise over a calm sea is refreshing. It also comes with some excitement. It is not often that one can see this view. This scene brings out the thought that God is always faithful with His love, mercy, and protection for us.*

- 1 ) *Protection and Hope – His love and compassion prevent us from harm. We will not be consumed. The prophet Jeremiah wrote this in a time of national grief because the city of Jerusalem had fallen to the Babylonians. These two verses brought hope to the people. It is true today as well.*
- 2 ) *Fresh every morning - This reminds us we will have a fresh supply of grace and strength daily. Thank God!*
- 3 ) *Great is His faithfulness – It is wonderful because He is reliable. Thus, we have hope when we are in distress.*

Lamentations 3:22-23 Because of the LORD's great love we are not consumed, for his compassions never fail. They are new every morning; great is your faithfulness.
